

## Schedule for 2015 Annual Meeting

11.00	President's Opening Address	Liz Baggs
11.05	Key Note - Soil Science Societies and their role for improving soil governance at a global level	Rainer Horn
11.35	Soil, Food Security and Human Health	Margaret Oliver
11.50	Applications for the use of Phosphate Stable Oxygen Isotopes in soil research	Steve Granger
12.05	Long-term effects of crop residue application on soil biota activities and functions in oil palm agroecosystems	Hsiao-Hang Tao
12.20	Working with Soil – A training programme for field soil science	Dick Thompson
12.35	Launch of “Soil Science in crop and livestock production” Working with Soil document	Ian Boyd
12.45	Summary / Questions	
13.00	Poster Presenters 1 minute Presentations	
13.10	Lunch / Posters	
14.00	2015 Society Annual General Meeting	
15.00	BSSS Journals Editors Update	Margaret Oliver / Mike Goss
15.20	Key note 2 Soil Security	Chris Collins
15.40	Poster Presenters 1 minute Presentations	
15.55	CO <sub>2</sub> Flux In Soils Affected By Seasonal Water Repellency During Simulated Rainfall	Emilia Urbanek
16.10	Density-based approaches to interface models and data in root biology	Dimitris Kalogiros
16.25	3D Lisa: A flexible program for calculating the local moran's I illustrated with data from a Cat scan of a soil core	Ruth Kerry
16.40	World Congress 2022	Bruce Lascelles
16.55	Summary / Questions	
17.10	Key Note 3 – Belowground biotic interactions and Biogeochemical feedbacks to climate change	Richard Bardgett
17.40	Closing Comments	Phil Haygarth
18.00	Drinks Reception
